Each issue of *Career World* meets the six National Career Development Standards:

1. Students will acquire the attitudes, knowledge, and skills that contribute to effective learning in school and across the life span.
2. Students will complete school with the academic preparation that is essential to choose from a wide variety of substantial post-secondary options, including college.
3. Students will understand the relationship of academics to the world of work, and to life at home and in the community.
4. Students will acquire the skills to investigate the world of work in relation to knowledge of self and to make informed decisions.
5. Students will employ strategies to achieve future career success and satisfaction.
6. Students will understand the relationship between personal qualities, education and training, and the world of work.

Career World 411
Up-to-the-minute career and real-world information

Career Map
Where can students go with the subjects they're learning in school? We have the scoop.
