### What Is a Teepee?

A teepee is a type of tent. Native Americans from the Great Plains lived in teepees. The teepees were originally made from animal skins, but today they are made from a \_\_\_\_\_ cloth called canvas. Most teepees were not painted, but many were decorated with \_\_\_\_\_ jewelry and beads.

During the \_\_\_\_\_ winter, teepees kept people warm and dry. In the summer, they kept people cool from the \_\_\_\_\_ sun.

Because Native Americans from the Great Plains moved around a lot, their teepees could be taken apart quickly. Once the people found a \_\_\_\_\_ area to live, they easily rebuilt their teepees.
