## Capitalization Rules!

When lawmakers recently wrote a plan to get healthier foods in schools, they had to use correct capitalization. Words that are always capitalized include the first word in a sentence, names of people and places, the word *I*, and names of months and days of the week. Test your capitalization smarts. Read each sentence. Underline any words that should be capitalized. Then circle the capitalized words that should be lowercased.

### Example

some schools serve healthy Lunches, such as sandwiches, milk, and Fruit.

1. On wednesdays, my school serves Banana yogurt for dessert.
2. The vending machines at franklin Elementary School sell Pretzels.
3. Joe's favorite School lunch is meat loaf, but i like the veggie pizza best.
4. First Lady michelle obama wants kids to eat healthy foods at school.
5. About one-third of Kids in the United states are obese, according to a study.
6. Jack and emma help serve lunch in the school Cafeteria.
7. our school got new vending machines in september.
8. My favorite snacks to eat after school are apples and String Cheese.
