

Dear Parent or Guardian,

As a teacher, I've found that Weekly Reader classroom magazines provide fresh, relevant content that helps make learning fun. That's why I think they will be a great addition to our lesson plans!

Weekly Reader magazines not only offer a welcome break from textbooks, they help build vocabulary and reading comprehension skills and prepare students for standardized testing.

In fact, research indicates that a strong vocabulary improves reading fluency, and that providing students with a wide range of reading material, such as Weekly Reader magazines, is critical to achieving vocabulary growth.\*

Because of funding limitations, I need to ask for your assistance in purchasing this valuable resource for our class. If you would like to help, please complete the form below and return it with \$\_\_\_\_\_ to cover the cost of your child's school-year subscription to \_\_\_\_\_.

Learning should be an enjoyable experience. Please help me continue to keep relevant, interesting reading content in our classroom.

Sincerely,

\_\_\_\_\_
