

Dear Parent or Guardian,

As a teacher, I've found that Weekly Reader classroom magazines have the kind of fresh, relevant content that helps make learning fun. That's why I think they will be a great addition to our weekly lesson plan!

In fact, independent scientific research has proven that *Weekly Reader* improves literacy skills. In this study, students using *Weekly Reader* classroom magazines outperformed those who did not have access to *Weekly Reader*.*

Weekly Reader magazines also reinforce skills across the curriculum, and follow a proven "scope and sequence" methodology. This structure helps students successfully transition from one year to the next, and prepare for standardized testing.

Because of funding limitations, I need to ask for your assistance in purchasing this valuable resource for our class. If you would like to help, please complete the form below and return with it with \$_____ to cover the cost of your child's school-year subscription to _____.

Learning should be an enjoyable experience. Please help me continue to keep relevant, interesting reading content in our classroom

Sincerely,
